

I support media diversity

I am writing to you today to comment on Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules.

The public interest will best be served by preserving media ownership rules in question in this proceeding.

Diversity of views and media ownership appear to be in inverse proportion. Whatever technological advances being made outside of conventional TV and radio channels, consolidation of ownership of these stations constitutes consolidation of control of the slant put on our news. This constitutes an inherent reduction in the sifting and winnowing of ideas which constitutes an inherent tenet of democracy.

Don't listen to their greed, listen to the love in your hearts, and defy the pressure to make these proposed changes at the expense of the accurate portrayal of our diversity of views .

Thank you for your time,
